Bellaire, Texas 77401

Re: Letter of Recommendation for Tylor Hearn, BlueRiver Custom Builders, Inc.

To Whom It May Concern:

I highly recommend Tylor as a contractor. He is very professional, adds tremendous value to any project and produces a great result.

About a year ago my wife and I decided to either build or buy a larger home in order to accommodate our growing family. At that time, there was a newly constructed home for sale in the neighborhood where we wanted to live. We liked the home but were not ready to purchase. Tylor was the contractor who built that home. So we started talking to him and three other contractors about building our home. After speaking with several references, looking at past and current projects and researching each builder, we decided to contract with Tylor. We have been very happy with that decision. Our home is nearly complete and we are excited to move in on December 31.

Tylor has efficiently run the project on a very tight schedule. Except for allowance overages that were our decision, the project has been on budget. Tylor has excellent subcontractors and manages the administrative side of his projects, including financing issues, very effectively. In addition to these really good qualities, his two best attributes may be his ability to deliver the look and feel that we wanted to achieve and the high standards he applies throughout each step of the process. These two things have resulted in a home that exceeds our expectations.

Both my wife and I would be willing to speak with you if you need more information and you are welcome to take a tour of our home and inspect Tylor's work for yourself.

Sincerely,

Daniel D. Droog
